### PRODUCT WEIGHT GUIDE for estimated shipping purposes

This listing has been compiled to provide the most accurate, up to date individual product weight information available for ACE Backstage products. Weights have been rounded up to the ½ pound and represent the specific item listed.

**Examples:**

The listed weight for a stage pocket does not include the panel or connectors used in that pocket.  
 Panel weights do not include mounted connectors.

All weights are subject to change without notice. If an error is identified, ACE will correct the listing and post an updated list for download. ACE will always package product in the most cost-effective manner, which may include boxing accessories inside stage pockets to avoid additional shipment box charges. These boxes will be labeled as "additional parts inside".

#### Catalog # 612
