SPEC SHEET

Panel
Data Spec Sheet
Revision: 1B.PE-FP2E-FP3E

Model Numbers:	#PE
Model Name:	Standard Electrical Pocket Panels and Switchboxes
Model Description:	Single Gang Duplex Switchbox with Steel Mounting Panel and Narrow Duplex Cover

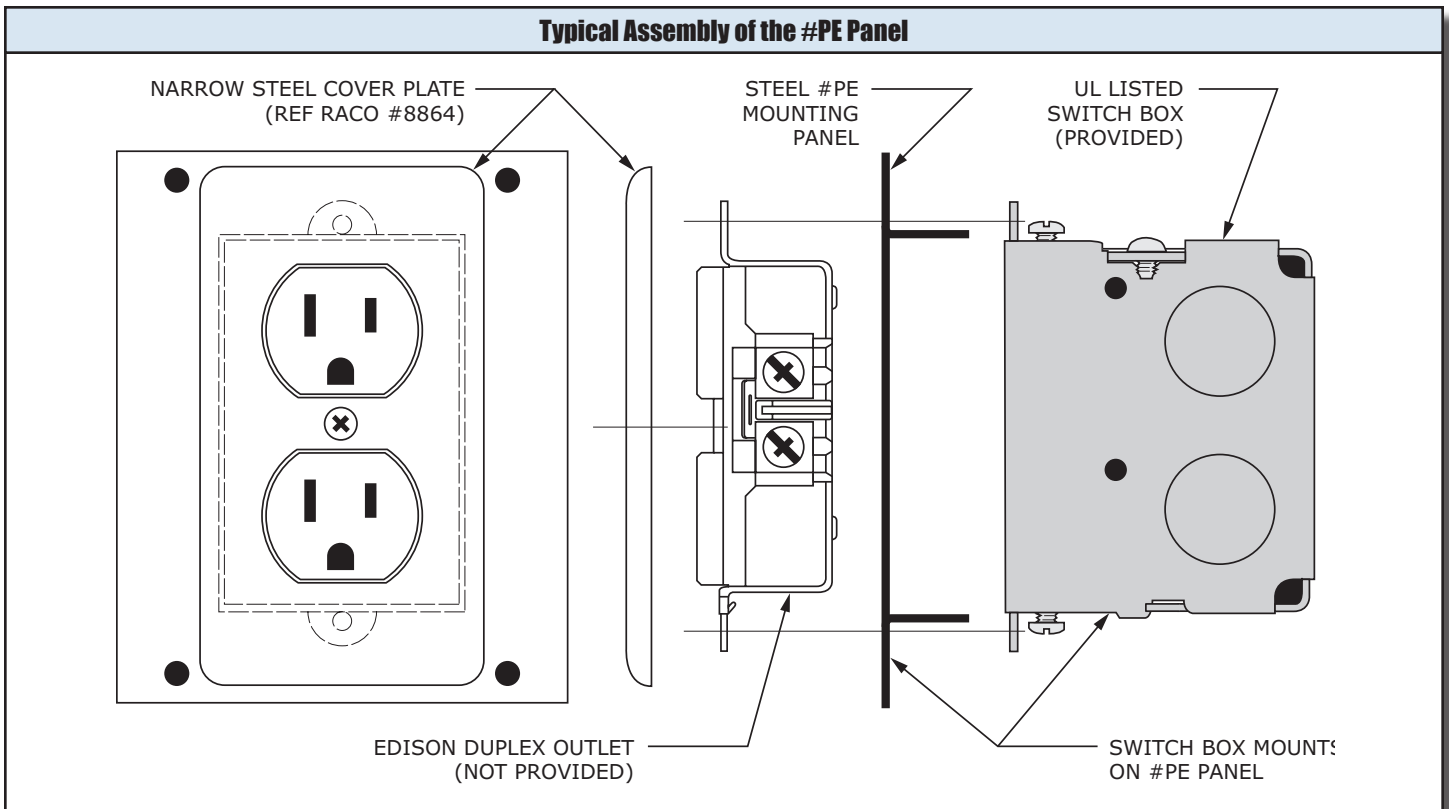

GENERAL

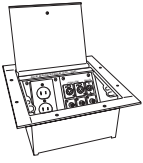

Standard 110VAC connections in ACE pockets is easy using compliant switch boxes and plate assemblies. The #PE (single gang box) and the #FP3E (three gang box) provide for one or three standard duplex outlets, respectively. These items are UL listed in conjunction with UL listed ACE pockets. When properly installed with isolating AC wiring conduit, combining low voltage connections in the same pocket should not be an issue. Consult your local building codes for any specific application. Each assembly is complete with duplex or triple duplex switch box, black powder-coated steel mounting plate, and a narrow aluminum and/or steel black powder-coated cover plate with mounting screws. The #PE will install in Half, Full, Double Wide, and Super Double Wide Pockets.

INCLUDES

A) Typical #PE Panel Hardware Included*:

- (1) Single Gang Duplex Switch Box
- (1) Steel Mounting Panel with Black Powder Coat Finish
- (1) Steel Narrow Duplex Cover with Black Finish
- (1) 3-Wire Grounding Edison Duplex Outlet (*not included)
